Other:

Chocolate Mushroom Treat Recipe by Pat Brown

Purchased Mushrooms (amount to be determined by number of servings)

Chocolate to be melted to dip mushrooms in
Angel food cake

Styrofoam or other medium to dry and serve mushrooms

Melt chocolate and put a toothpick in the stem of mushroom. Dip mushrooms in chocolate just to coat top. While the chocolate on the mushrooms is hardening, cut the angel food cake very thin and cut in a shape of a circle to fit the button of the mushroom (measuring spoons and cups work well). When chocolate has hardened put a piece of angel food cake on the button of the mushroom and serve.
